

The Rottweiler Club of Canada
Breed Specific Legislation Committee (RCCBSL)

Since our inception in November 2003, *your* Committee has:

- Hosted the annual "Spring Into Action Against BSL Auction"
- Increased awareness affect all dog owners
- Spoken at events, multiple television appearances, performed several radio interviews across the country
- Raised over \$5,000.00 in the fight against BSL
- Several members have been published across the country (newspapers, websites)
- Supported "Advocates For The Underdog" legal challenge in Windsor, ON
- Printed and Sold t-shirts to raise funds and awareness
- Attended multiple township meetings across the country
- Invested in bite prevention education for children
- Presented the RCCBSL interest during the presentations to the Standing Committee of the Legislative Assembly of Ontario against Bill 132
- Host a BSL specific yahoo group where we keep abreast of all BSL activity across Canada, inform, educate and support (open to all breeds)
- Donated over \$2,800.00 to "Banned Aid Coalition" in their legal challenge against Bill 132 led by renowned lawyer Clayton Ruby

The RCCBSL Committee is the ONLY national breed club interest that has openly opposed Bill 132 and fought along side of other breeds – that is NOT specified in the law. We have proven our solidarity again and again to ALL dog ownership, across all groups, sizes and breeds.

I would like to thank those of you all for your continued and unwavering support (verbal, effort, funds, blood, sweat and often tears). It means more to me than I can possibly describe. Please join us at <http://groups.yahoo.com/group/RCCBSL>

Tricia Barrett
RCCBSL Chairperson
Ontario Director
National Superintendent
